Dr. Don DeYoung

Our Moon

I would like to personally thank you for watching the Origins program. Origins was a special program, near to the heart of my late husband, Russell Bixler.

I trust that the information in this presentation will be helpful in your study of creation science. Thank you for your prayerful and financial support of Origins... you're making the television production of this program possible.

The Lunar Impact

A.D. 1178
Lunar Recession

Tidal bulges on Earth rotate ahead of the Moon. The Moon's gravitational action on those bulges retards Earth's rotation.
Lunar Recession

$2^6 = 64$ times

Tidal bulges on Earth rotate ahead of the Moon. The Moon's gravitational action on those bulges retards Earth's rotation.
