DINOSAURS:
Have you been brainwashed?
I would like to personally thank you for watching the Origins program. Origins was a special program, near to the heart of my late husband, Russell Bixler.

I trust that the information in this presentation will be helpful in your study of creation science. Thank you for your prayerful and financial support of Origins… you’re making the television production of this program possible.

Feathers for T. Rex?

Archaeoraptor liaoningensis

FRAUD!

We can now say that birds are theropods just as confidently as we say that humans are mammals.

How do you fit dinosaurs into the Bible?
You Don't!
You use the Bible to explain dinosaurs
Days of Creation in Genesis One

Day 1: Earth, Space, Time & Light
Day 2: Atmosphere
Day 3: Dry Land & Plants
Day 4: Sun, Moon & Stars
Day 5: Sea & Flying Creatures
Day 6: Land Animals & Man
Then God said, "I give you every seed-bearing plant on the face of the whole earth and every tree that has fruit with seed in it. They will be yours for food."
And to all the **beasts** of the earth and all the **birds** of the air and **all the creatures that move on the ground**—everything that has the breath of life in it—I **give every green plant for food.**" And it was so.
Match the bat’s teeth to the food.

These drawings (after A.H. Mueller, *Lehrbuch der Palaeontologie*, 1959, p. 41) show the teeth of different groups of living bats. Each has a chief source of food different from that of the others.

In alphabetical order, the diets are:

- Blood
- Fish
- Fruit
- Insects
- Nectar and pollen
- Small mammals

PRESENT DAY

WHY DON’T I FIND THE WORD “DINOSAUR” IN THE BIBLE?
Dragon in Hebrew

“TANNIN”
Isaiah 27:1 (NASB)

In that day the LORD will punish Leviathan the fleeing serpent, With His fierce and great and mighty sword, Even Leviathan the twisted serpent; And He will kill the dragon who lives in the sea.
"Look at the behemoth, which I made along with you and which feeds on grass like an ox. What strength he has in his loins, what power in the muscles of his belly!"
Job 40:18-19a (NIV)

His bones are tubes of bronze, his limbs like rods of iron.
He ranks first among the works of God, …
Job 40:17a (NIV)

His tail sways like a cedar;

“Possibly the hippopotamus or the elephant.” (The NIV Study Bible)

Interestingly, it was an evolutionary scientist who said the bones of *Brachiosaurus* are a masterpiece of engineering.

The *design* of the vertebrae was such that it provided great support for the huge dinosaur, but was also extremely lightweight.

Evolutionists claim that all life, including *dinosaurs*, were the product of random processes. Yet they make statements about the wonderful *design* seen everywhere we look!
